

POOR CROPS ARE NO BARRIER TO AN ACTIVE MARKET

Unfavorable Conditions as Reflected by the Government Report Have No Influence on Wall Street.

By Morning Journal Special Ledger Staff. New York, Sept. 9.—The unfavorable crop conditions disclosed by yesterday's government report were without effect upon today's extremely active, broad and very strong market, except insofar as they had a tendency to check any movement in grain and northwestern lumber.

Shares of eastern roads as well as Pacific trunk lines were strong. Particular significance was attached to the movement in United States Steel, which rose four points to the new record of 193 1/2. This was prior to the publication of August tonnage figures.

Independent industrialists followed in the wake of steel gains in Republic, Lackawanna and Crucible steels, ranging from two to almost six points. Copper and zinc stocks were in keen demand, the former featuring the far

most active at an extreme gain of two, net of two to five for American Zinc, zinc and copper preferred.

The noteworthy feature of the week's bank statement was the decrease of \$25,000,000 in actual reserves, making a total contraction of almost \$45,000,000 for the past fortnight.

Bonds were steady on limited dealings. Total sales, par value, \$1,180,000.

United States bonds were unchanged on call during the week.

CHICAGO BOARD OF TRADE. Chicago, Sept. 9.—Bearish construction placed on the government report gave a setback today to wheat and soybean markets in regard to the war developments in the Balkans. The market closed unsettled, 2 1/2 to 2 3/4 net lower, with September at \$1.52 1/2 and December at \$1.54 1/2. Corn sold 1 1/2 to 20 and oats 1 1/2 to 1 1/4, in previous the outcome ranged from 50c decline to a rise of 20c.

Temporary rallies in the wheat market were based chiefly on assertions that the substantial failure of the spring crop in the Dakotas and Minnesota left the three states only 22,000,000 bushels surplus, as against 22,000,000 bushels last year.

Wheat was depressed, mainly by the relatively bearish showing of the government crop report, as compared with private forecasts.

Data suggested, too, from erroneous predictions which had been current regarding the contents of the Washington report.

Provisions averaged lower with hogs. The declines were only offset in part by the government, announcement that stock holders on feed were 10 per cent less numerous than a year ago.

Closing prices: Wheat—Dec. \$1.52 1/2; May, \$1.54 1/2. Corn—Dec. 73 1/2; May, 77 1/2. Oats—Dec. 48 1/2; May, 51 1/2. Pork—Oct. 328.80; Jan. 323.99. Lard—Oct. 14.27; Jan. 13.77. Hogs—Oct. 14.10; Jan. 13.80.

NEW EMIR OF MECCA ISSUES PROCLAMATION. Berlin, Sept. 9.—By wireless. Sayid, the new emir of Mecca, Sheriff Abdoukar Pasha, has issued a proclamation severely reprimanding the former emir, "says the Overseas News agency." The proclamation says that the central powers never desired soil of Islam.

Early in June the grand shah of Mecca, chief magistrate of the body city, revolted against Ottoman rule, and his supporters captured Mecca and several other important points in Arabia. The foregoing dispatch is the first intimation that the Turks have displaced the grand shah.
